Monday, July 18, 2022

Location: Rolling Rock, Aarau

It's action time today! We can really let off steam at the Rolling Rock Skate & Sport Centre's large indoor and outdoor skate facility. We'll rent a skateboard, freestyle scooter, rollerblades or a BMX and try our hand at the various courses. No previous experience is necessary, everyone can choose their own rides on the facility. Bouldering, trampolines, table tennis or floorball are also waiting for us.....Pure action!

Tuesday, July 19, 2022

Location: Appenzell show dairy

How does milk actually become cheese? And what makes cheese so tangy? We'll have all this explained to us on a guided tour of the Appenzell show dairy. A cheesemaker shows us how the cheese is rennetted and cutting the curds to the point of ripening the cheese. We are also allowed to help out and produce our own fresh cheese. After noodles with cheese and apple sauce, we go on the pearl trail in the afternoon with a puzzle book. If we find the right answer, a small gift awaits us in the show dairy.

Wednesday, July 20, 2022

Location: Goldpanning, Tösstal

What a unique adventure in the great outdoors! We will go in search of real gold and travel to Steg in the Tösstal valley. There we put on our rubber boots and off we go in search of the glitter of gold between the sand and gravel in the stream. At the campfire we roast our sausages and listen to great adventure stories of gold diggers. At the end, we can take our found treasures home with us...YEAH!

Thursday, July 21, 2022

Location: Ornithological station Sempach

The visitor centre of the ornithological station Sempach will inspire us with its extraordinary clay building and the various experiences! We will become a bird ourselves, receive a special ring and use it to discover Switzerland from a bird's eye view. In the Singfonie we will have a special sound experience as we are introduced to the world of bird calls and learn "Chirping". At the end of the exhibition, the ring shows us which bird is in each of us. In the afternoon, a great playground at Lake Sempach awaits us.

Friday, July 22, 2022

Location: ComicTrail Uetliberg & Kulturama

In the morning we drive up to the Uetliberg and solve the puzzles on the ComicTrail around the summit of the Uetliberg. Along the way we discover unique nature highlights and can enjoy the great views and playgrounds. We spend the afternoon at Kulturama, where we discover human anatomy and function by touching, hearing and smelling on an adventure trail. We are allowed to open all the drawers and touch everything. How does the heart pump, how do the joints work and why can our eyes deceive us?
