Lots of fun awaits us at Connyland with its large park of indoor and outdoor attractions. We enjoy the water playground, the children's carousel and the car scooters as well as the wild water ride, Voodoo Island, the 5D flight simulator and the Mammoth Tree. There are also great live shows with the parrots and sea lions as well as many indoor highlights with the Jungle Adventure or a trip back in time to the dinosaurs in the Dino-Attack.

Location: Walter Zoo, Gossau

An eventful journey with many animals and nature experiences awaits us today at the Adventure Land Walter Zoo. We are sure to meet the Amur tiger, the leopard, the terrapin, the Mississippi alligator and marvel at the lion enclosure. We recover from these numerous impressions in the large playground or in the tepee tent. In the afternoon we visit the fairytale world in the circus tent with the performance "The Adventures of Hedgehog Pix".

Location: Observatory Urania & adventure playground

At the Urania Observatory we can look forward to discovering the secrets of the sky and the world of stars. During a guided tour, the heart of the observatory, a giant telescope, will be explained to us in the dome room of the tower. In good weather conditions, we can use it to see the moon, the planets, fixed stars and even distant galaxies. After discovering the universe, it's back to earth for a unique adventure playground.

Location: Botanical Garden & Flip Lab

In the morning we visit the tropical houses of the botanical garden in Zurich with its variety of colourful and fragrant plants. We learn all about the power of magic plants, which are already known in witch stories, as well as the special features about medicinal plants and poisonous plants. On a nature trail we can playfully explore the flora ourselves and fortify ourselves with a snack in the meadow. In the afternoon we go to the action-packed Flip Lab, where we can really let off steam on the various fun courses: Trampolines, air bags, basketball trampoline and ninja course!
