Location: Technorama, Winterthur

The Technorama adventure park offers a playful approach to knowledge and technology. At the numerous exhibitions, demonstrations and experiment stations, we experience endless possibilities from science and learn about natural phenomena such as the formation of lightning. Also in the open-air park, we can explore thirty new stations on the Wonder Bridge to better understand the power of wind and the violence of water. And the wind machines will give us a welcome cooling.

The spectacular chocolate fountain in the chocolate world of Lindt Home of Chocolate will amaze us right from the start. Here, no less than 1500 kg of chocolate flow from a height of 9 meters into the depths. On our chocolate tour we will experience the world of chocolate with all our senses: from its creation to chocolate tasting à discrétion....mmh! In the afternoon we enjoy the wild animals in nature at the Langenberg Zoo and can look forward to the playground and a delicious ice cream!

Lots of fun awaits us at Connyland with its large park of indoor and outdoor attractions. We enjoy the water playground, the children's carousel and the car scooters as well as the wild water ride, Voodoo Island, the 5D flight simulator and the Mammoth Tree. There are also great live shows with the parrots and sea lions as well as many indoor highlights with the Jungle Adventure or a journey back to the time of the dinosaurs in the Dino-Attack.

Today we experience a day full of action at the Skillspark in Winterthur! Location: Zurich Zoo

There is always something new to discover at Zurich Zoo! We visit the Masoala Rainforest, the elephant park, the indoor penguin enclosure in the aquarium with 8 underwater worlds and of course the largest enclosure of the Zurich Zoo: the Lewa Savanna. There we can marvel at the giraffes, rhinos and zebras as well as the mysterious baobab feeding trees or baobabs. Of course there will be enough time for the great adventure playgrounds!
