Location: Museum of Transport Lucerne

We spend an exciting day at the Swiss Museum of Transport in Lucerne and can marvel in small groups at the numerous exhibitions on the various means of transport such as ships, trains, aeroplanes, etc. The "Experience logistics!" exhibition takes us on an impressive journey of a banana from the farmer in Costa Rica to the supermarket shelf in Switzerland. And in the Swiss Chocolate Adventure, we are whisked away into the world of chocolate. Of course, there is plenty of time to play in the large playground arena with the traffic garden and the bike course.

On a guided tour of the Beyer Clock and Watch Museum in Zurich, we can not only marvel at the huge collection of 300 clocks and precious objects. We learn interesting facts about the history of timekeeping and the fascinating art of its manufacture. Afterwards, we can discover the museum on our own with the help of search games. In the afternoon, we'll head to the action-packed Flip Lab, where you can really let off steam on the various fun courses: Trampolines, air bags, basketball trampoline and ninja course!

Location: Ornithological Institute Sempach

The visitor centre of the Ornithological Institute in Sempach will inspire us with its extraordinary clay building and the various experiences! We will become birds ourselves, receive a special ring and discover Switzerland from a bird's eye view. In the Singfonie we experience a special sound experience, as we are introduced to the world of birdsong and learn "Zwitscherdütsch". At the end of the exhibition, the ring shows us which bird is inside each of us. Later in the afternoon, we visit the butterfly exhibition at the Nature Museum in Lucerne.

Today we head towards Basel and visit the MUKS in Riehen, a children's museum with an exciting exhibition of toys from the past. We slip into the dream bubble and swing into an adventure or explore the question of how to cheat properly. In the afternoon, we can experience the animals in near-natural habitats at Basel Zoo and visit various animals such as the snow leopards or the shaggy bison. We will also be fascinated by the penguin and flamingo enclosures and the feeding of the pelicans and sea lions.
