

Sports Holiday Events

February 3 – 7, 2025

Schöb Events is offering special activity event days for children during holidays. The program is created for children aged five to thirteen years. Professional organizers will look after the children from 8 am until 6 pm with meeting points at Zurich, Bubikon, Zug and Lucerne. Activity event days may be booked individually or for the whole week.

Monday, February 3, 2025

Location: Wow Museum & Padelta Milandia

The WOW Museum will really amaze us: Nothing is as it seems, many things are upside down. On our three-floor tour, we will experience surprising illusions, illusions and new perspectives. It is extremely exciting that there is often no right or wrong and that everyone sees things differently...WOW! In the afternoon, we try our hand at the new sport of padel, a mixture of tennis and squash. Four of us play on the court with glass walls and hit the padel ball with the padel racket over the net to the opponent's side...it's easy! No previous experience is necessary and it's great fun.

Tuesday, February 4, 2025

Location: Children's world Spielzänti & Dinosaur Museum

In the morning, we can really let off steam in the children's world of Spielzäntis in Volketswil. Trampolines, car scooters, slides, climbing towers, air hockey and lots of great games await us. Afterwards, we treat ourselves to a break with a delicious lunch. In the afternoon, we head to the dinosaur museum in Aathal. In the 'Crazy World of Dinosaurs' exhibition, we learn interesting things about the life of these giants and why they became extinct so quickly. Our tour includes lots of fun activities and an exciting film.

Wednesday, February 5, 2025

Location: Flip Lab & Tram Museum

Action is the order of the day at the Flip Lab this morning with a variety of fun courses! We have fun on the trampolines, air bags, basketball trampolines and ninja course. In the afternoon we take it easy and visit the tram museum in Zurich. We experience the tram in a different way when we look at it from below and learn how hard the crank works. What does a conductor's uniform feel like? And who is the most skilful driver of the 'Cobralino' children's tram? After this visit, we return to our usual tram journey through the city of Zurich.

Thursday, February 6, 2025

Location: Museum of Transport Lucerne

We spend an exciting day at the Lucerne Museum of Transport and can marvel at the numerous exhibitions on ships, trains and aeroplanes in small groups. With the various simulators, themed islands and original objects, we immerse ourselves in the moving history of transport on water, on land, in the air and in space. In the world of Swiss Chocolate Adventure, we learn all about the discovery, production and transport of chocolate.

Friday, February 7, 2025

Location: Zurich Zoo

There's always something new to discover at Zurich Zoo! We visit the Masoala Rainforest, the elephant park, the giraffes and rhinos in the Lewa Savannah and marvel at the striking baobab trees. The marvellous water worlds in the aquarium will also inspire us, as will the close-up animal experiences at feeding time.
