or by telephone 079 946 60 06

### Program day trips from Lucerne from Monday, July 6 to Friday, July 10, 2026

#### Monday, July 6, 2026 Llama trekking in Giswil

We visit the llamas of the Ambauen family in Giswil and take a long walk with the llamas to a picnic area. There we can feed and stroke them and learn interesting facts about the species, husbandry and care of these animals from South America.

#### Tuesday, July 7, 2026 Farm experiences on Mueterschwandenberg mountain & first aid course

On the idyllic Mueterschwandenberg in the canton of Nidwalden, we immerse ourselves in everyday farm life together with Priska and Flavian. We help with various farm chores, let the cows out to pasture, and learn firsthand how grass is turned into milk. In the garden, we harvest fresh cherries directly from the tree, depending on the season. After enjoying some delicious Älplermagronen, we head to the first aid course, where we are taught the basics of first aid and how to behave in an emergency in a fun and playful way.

#### Wednesday, July 8, 2026 Treetop path on the Fräkmüntegg

We explore the Pilatus and walk through the treetop trail with twelve nests. We walk on wide walking ropes and well-secured nets and can get to know the forest and its inhabitants better in six of the twelve nests. After a barbecue, it's off to the playground in PILU-Land.

#### Thursday, July 9, 2026 Sempach Bird Observatory

The visitor center at the Sempach Bird Observatory will delight us with its unusual clay construction and various interactive rooms! We will become birds ourselves, receive a special ring, and discover Switzerland from a bird's-eye view. In the Singfonie, we will enjoy a special sound experience as we are introduced to the world of bird songs.

#### Friday, July 10, 2026 Kuka Kinder- und Kultur-Atelier in Emmen

A creative day full of colors awaits us at the Kuka Children's and Culture Studio! We melt wax crayons, splash paint, and create colorful works of art. There will also be colorful paper crafts and plenty of time to let off steam on the playground.
